RE: Hanley Road
St. Louis County Project No. AR-1132
Stop Work Order

Dear Mr. Luer:

The scope of work associated with the Hanley Road Project Preliminary Plan was developed under a Steering Committee. The Steering Committee includes representatives from the Cities of Brentwood, Maplewood, Richmond Heights and St. Louis County Highways and Traffic.

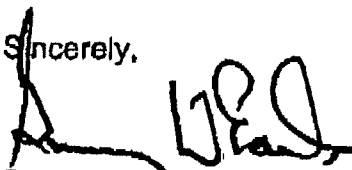

Issues that have arisen during detailed design of this project have caused the Steering Committee to reevaluate the project's overall goals and scope of work. The evaluation of those goals may require Preliminary Plan revisions.

For that reason, it is necessary to issue a "stop work order" to the Hanley Road Design Team on the Hanley Road Project, effective October 5, 2007. We anticipate this delay will last one to two months. The Design Team will not be compensated for any work that is completed after October 5, 2007, without receiving prior authorization.

The Design Team is requested to submit an invoice to St. Louis County for all work completed on or before October 5, 2007 as soon as possible. Please update the website to indicate that the project is on hold for reevaluation and to contact Mr. Daniel Dreisewerd, P.E., P.T.O.E., with any questions.

Mr. Jon Luer, P.E.

We appreciate your cooperation regarding this matter and will continue to keep you advised of our progress with the Steering Committee. If you have any questions, please contact Mr. Dreisewerd at (314) 615-8190.

Sincerely,

Garry W. Earls, P.E.
Director of Highways and Traffic
